# ABOUT NECTERE SOLUTIONS LTD

We are a registered business which deals with supply of IT related goods & services, Electrical and solar installation, Security Systems, Voice, Information Management Systems, etc. Our mission is to supplement product excellence with outstanding service and affordable prices.

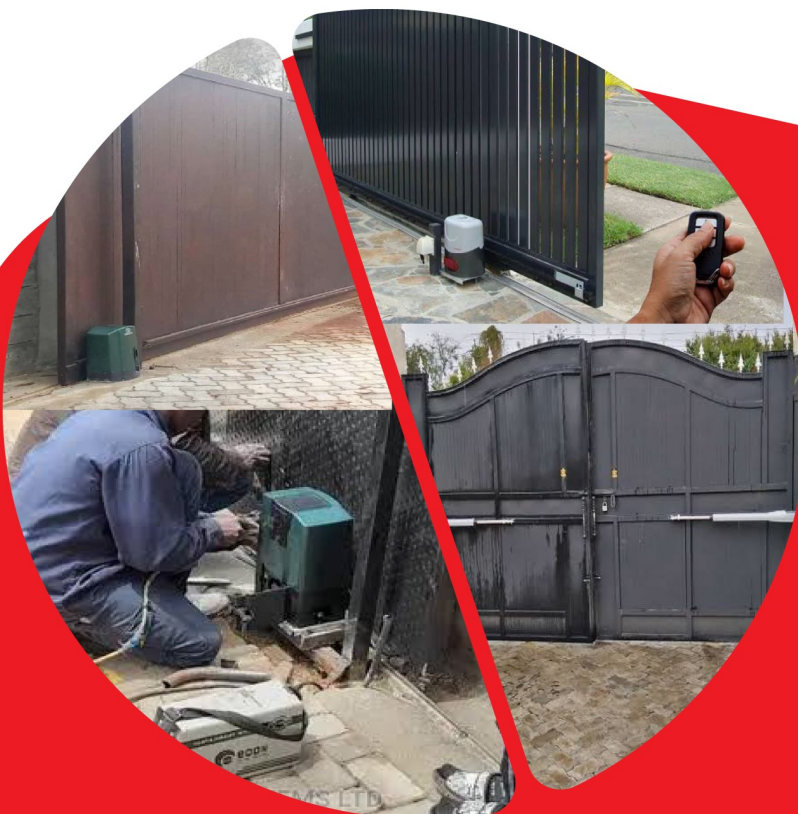

## The Smart Home Package

A package of IT related services aimed at transforming your home into “Smart Haven”. With the Tech Era unfolding, we wouldn't want our schools to lag behind. The products embedded in this package are aimed at revolutionising your home environment. The Smart Home Package has; Networking, CCTV, Access Control systems, Alarm systems, Automatic gates, Electric Fences and IT Support.

## CCTV SECURITY

Address safety concerns while on vacation or at work with smart security solutions. Learn how indoor smart cameras and motion sensors not only record, but also alert and enable remote viewing. Home security is now in the palm of your hand. Our affordable CCTV Packages ensure that you are fully covered.

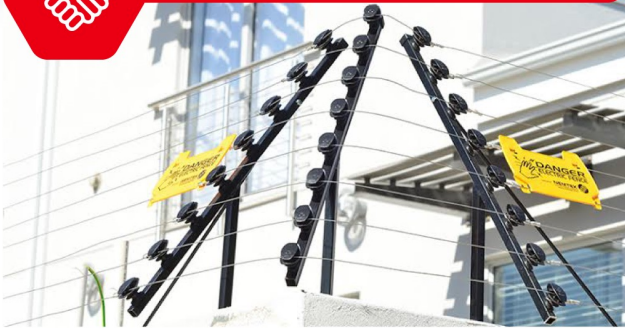

## AUTOMATIC GATES

*Allow us modify your premises with the best Automatic gates. Enhance your security with either Bi-folding Speed gates or Driveway Automated gates. In the comfort of your sitting room, you can remotely open and close your gate with ease at affordable prices.*

 **Electric Fences**

Secure your home with an electrified parameter and keep you and your belongings safe with the most dependable and cost-effective options available. We provide high quality security solutions to homes, deployed in the smartest way possible.

 **Intruder Alarm System**

 **Access Control Systems**

With NSL's access control solution, we help you limit access to your premises. These come in the form of door bells, Smart Locks, etc..

  
**Have the ability to automate and control your home from wherever you are!**

**Fence Installation**

## IT Support

This is inclusive of all Computer Repairs, maintenance services, equipment supplies and all IT Related services that you may require at home.

## Other Services

We also do;  
Electrical and Solar Installations and Maintenance  
Networking Solutions, Electrical Repairs and IT  
Consultancy.
